All Non-Patent Literature | Prior Art Database | Concept

Using the facilities of IP.com's Intellectual Property Library, Prior Art Database visitors (and registered users) may freely search the Non-Patent Literature collections hosted there. These collections include the Prior Art Database itself.

This form offers a simplified searching capability and result presentation consistent with the Prior Art Database user interface. You may search the Library's NPL collection directly by visiting it's advanced search facility. You may also wish to visit the Library's resource center for information on NPL Collections and Coverage.
